AUTOMATIC TRANSMISSION FLUID DEXRON III / MERCON

Technical Data Sheet

Description

Majestic Automatic Transmission Fluid Dexron III / Mercon is formulated with high viscosity-index paraffinic base stocks and premium performance additives for excellent oxidation stability, thermal resistance, and excellent friction modification properties. This product is suitable for power steering units where a Dexron III or Mercon fluid is recommended, and for mobile hydraulic and industrial systems, and rotary air compressors under specified service requirements.

Applications

Automatic Transmission Fluid Dexron III / Mercon is suitable for use in the following applications:

- GM DEXRON®, DEXRON® II, II-E, III, III-G, III-H
- Ford MERCON®, M2C-33, M2C-138-CJ, M2C-166-H or Type A
- Detroit Diesel Allison C-3, C-4
- Caterpillar TO-2

Typical Properties

*The values shown are typical of current production. Some are controlled in the manufacturing process, while others are not. All of them may vary within tolerable ranges.

Attributes

- Formulated with high viscosity-index paraffinic base stocks and premium performance additives
- Designed for excellent oxidation stability, thermal resistance, and excellent friction modification properties
- Recommended where a Dexron-III/Mercon fluid is required
- Suitable for power steering units where a Dexron III or Mercon fluid is recommended.
- Suitable for mobile hydraulic and industrial systems, and rotary air compressors under specified service requirements

Product Codes

Automatic Transmission Fluid Dexron III / Mercon is available in the below packaging. Please use the reference code when ordering.

- Bulk, MAJ-501
- 275 Gallon Tote, MAJ-501-T
- 55 Gallon Drum, MAJ-501-D
- 5 Gallon Pail, MAJ-501-P
